Regina 8" Disc Titles

AS A SEQUENCE TO the article "The Regina Restoration, A Test of Patience," Volume XXXI, Number 3, the following list of Regina discs is thought to be the first published complete listing for this size musical box. The Regina Music Box Company began producing this model in 1894, their first year as a fledgling business in Rahway, New Jersey. Known as Model 22, it was manufactured in both the hand-crank, (or manivelle) style and the more common spring-motor mechanism.
